Thanks, Jim. This is helpful. So, looks like 300 built, with 202 invoiced (185 showing on spreadsheet + 17 on invoice #8), leaving 98 built units still to be delivered. Any idea how many of the 98 you expect to invoice by end of August?

Jim,

Following on below. You were going to check the build/delivery schedule and send me an update on remaining order.

Thanks,

Greg

Jim,

A week or two ago, you mentioned that deliveries were going to slow going into August and then pick back up in September. You were going to check the build/delivery schedule and send me an update on remaining order. Do you have this?

Thanks,
